about heritage glass

Heritage Glass specialises in the design, supply, installation and certification of glass and aluminium for commercial and residential building projects throughout Victoria. Since 1983, Heritage Glass has worked closely with architects, designers, builders and developers to realise their visions, including bringing some of Australia's iconic buildings and glass features to reality.

Established glass specialists, Heritage Glass provide a unique offering to clients providing both the source and supply of glass for projects that require expert knowledge and experience as well as the ability to deliver high risk and complex projects.

Heritage Glass has been part of the Schiavello Group since 2005, a top 200 private Australian company that is internationally renowned for providing intelligent products and services for commercial, healthcare, hospitality, education, retail and living environments.

services

Heritage Glass has the capability to provide end to end service, from design and construct, through sourcing and installing for a wide array of architectural and building requirements.
With in-house drafting capabilities, the Heritage Glass design and technical centre can supply engineering drawings, computations, certification and shop drawings, to ensure that what has been designed can be built, installed and complied to Australian standards AS-1288-2006 (glass) and AS-2047-1999 (aluminium).

Heritage Glass has the experience and knowledge to design, source and install:

façades
external glazing
curtain walls
internal glazing
partition systems
splashbacks
frameless shower screens
roofs + canopies
balustrades
cladding
aluminium windows + fittings
complex geometric windows
mirrors
glass floors

Heritage Glass can supply alternative and custom glass solutions and generic or project-specific architectural hardware.
