February 2014

**Builder**  
Watpac

**Architect**  
Lyons

**Location**  
Centre Dandenong

// Dandenong Municipal - Centre Dandenong

Dandenong Municipal is a 5-storey building which houses the City of Greater Dandenong administration offices, a public library, community meeting rooms & retail shops. It is designed to achieve a 5-green star rating.

Heritage Glass completed the building's external sunshades and all external glazing, their internal partition frames and internal glazing.

One of the many challenges Heritage Glass faced was the installation of sunshades from inside the building and glazing the oversized (4200mm x 2400mm) double glazed units as well as working within a tight time frame and budget.
